The Library

The CFWA library hosts a great selection of resources for children, teenagers and adults, including both fiction and non fiction books, newsletters from CF organisations both national and global, journal articles and a range of DVDs and Wii games to enhance airway clearance regimes.

To look at our online library simply go to:
www.cfwalibrary.org.au

Hiring from the Library

If you would like to hire any resources from our library you can browse our online database and then call or email our education officer **educationofficer@cysticfibrosiswa.org** with the name and barcode number of the resources.

You are also free to come in and visit our library between 9am and 5pm, Monday to Friday.

For our members in regional areas we can post the resource/s out to you with a reply-paid envelope for you to return the book.

The RED Room

The **RED Room** is a lounge room away from home for use by all CFWA members. With its homely feel, the RED room is very modern and comfortable and contains;

- a flat screen TV
- comfy couches
- DVDs
- a computer with internet access
- a microwave and fridge
- tea/coffee/cool drinks and snack foods

The room is ideal for use by patients staying at Sir Charles Gairdner Hospital (SCGH) who want to take a break from the hospital environment, for parents with children on the ward at PMH who need a place to unwind or even for members to drop in and have a chat with our social worker, nurse, physiotherapist or education officer.

The RED room is child friendly with a range of toys, a blackboard and books.

Booking the RED Room

Due to cross-infection issues, if you wish to use the RED room please contact the education officer on 93467337 or email: **educationofficer@cysticfibrosiswa.org** or call the main office on 9346 7333.
