

LINQ YOUR LIFE WITH THE CITY 269 JAMES STREET, NORTHBRIDGE

[CLICK HERE TO VIEW THE LINQ WEBSITE](#)

Looking to live an Inner City life with everything you want literally at your front door?

LINQ is an exciting new high-rise apartment development in an unbeatable Northbridge location. Situated at the corner of James and Fitzgerald Streets, LINQ offers a vibrant lifestyle outside and resort style living inside a high-rise sanctuary.

You'll be spoilt for choice with an international array of Perth's finest bars, cafés, restaurants and pubs less than five minutes away. You can walk to work in the City and enjoy the delights of Northbridge on the way home.

The apartments will have magnificent City views like no other development in Northbridge. This is a location with simply everything to offer in an outstanding development by the apartment specialists, Finbar.

Finbar is WA's leading apartment developer with a track record of delivering every project on time. The company has completed some of Perth's most prestigious apartment developments and LINQ will be no exception.

A selection of one bedroom, one bathroom and two bedrooms, two bathroom apartments will be available in the fourteen storey building. Each will have either one or two bays in the secure parking area plus a secure storeroom. Four commercial areas will be available on the ground floor.

In contrast to the inner city playground outside, resort style facilities will create a sanctuary for residence to relax or entertain in style.

Some of the amazing features include a 14 metre solar heated pool, pool deck with outdoor BBQ facilities, residents lounge and bar, games room with pool table and TV, fully equipped gym, timber lined sauna with separate male and female change rooms.

Befitting of its location, LINQ's sophisticated attributes include European appliances, reconstituted stone bench-tops, glass splash backs and water filter systems and split unit air conditioning to living area and all bedrooms. Security is also paramount. LINQ possesses premium protection in the form of camera security surveillance, keyless electronic entry to ground floor lobbies and apartment front doors plus remote control driveway gates and video intercom.

LINQ is scheduled for completion around the same time as the Perth City Link. When this exciting Government project is finished you'll be able to walk into the City for work or play. Perth Train Station, the future underground Bus Port and William Street Bus Station are just a few minutes' walk and big shows at Perth Arena are less than 150 metres from your front door.
